Sustainability Solutions, 50 Best Practices from Around the World

~A Guidebook to Help Your City, Town, or County Make the Green Shift in 10 Years or Less

Research Guidebook (approximately 220 Pages) with Best Practices descriptions of 32 successful sustainability projects along with hundreds of references to related videos, books, articles, reports, and resources, all provided to help municipalities with much of the key information they need to adapt and implement already-demonstrated sustainability projects and programs. September 15 is the launch date for 50 Project Edition. The Pre-Launch edition is being offered now. Shipping is included in the prices below.

Cities	\$5,000.00 US	<i>September, 2018</i>
Towns and Counties	\$4,000.00 US	“
Small Towns and Rural Counties	\$3,000.00 US	“
Pre-Launch Edition (+ Extra 50-Project Edition in September)	\$2,000.00 US	<i>by July 1, 2018</i>
Go Green Partnership Program*	\$500.00 US	“

*If your town or city has limited up-front funds for research publications, contact our offices to discuss the details of our **Go Green Partnership Program**. As a Go Green partner city, we agree to provide the guidebook to your municipality for \$500.00 US, and your municipal entity agrees to collaborate and provide data on your implementation processes for any and all of the projects showcased in the guidebook, while your town keeps 99% of the net proceeds from any of the projects your town, city, or county adapts for implementation. Under this special program, your town also agrees to pay shared-savings performance payments, to Go Green Culture Foundation 501C3 annually over 10 years equaling 1% of the annual net receipts from your projects.
